SIERRA MADRE, CALIF. THURSDAY, DECEMBER 18, 1952

Around the Square

Sierra Madraan Walter Shanks, an advertising man whose work takes him to Hollywood almost every day, undoubtedly voiced the feelings of many commuters when he remarked recently about the relaxing effect of the Sierra Madre scene at the end of a day's work. We, too, remember what it was like. There's a certain spot on the road, west on Sierra Madre boulevard beyond Hastings, where you curve towards the mountains coming home. That's where the long miles of city traffic begin dropping behind into another world, and you feel relieved.

It's especially pleasant to the commuter to ease back into Sierra Madre at this time of year. The streets are crowded with shoppers whose faces are familiar, and there's a feeling of friendliness in every lighted Christmas tree. In fact, at coming-home time now the village looks like something you might see on a Christmas card. And the Yuletide music that floods the town makes it just about perfect!

Shanks spoke of stopping in the Square the other night just to look and listen, before he did his shopping. We imagine there are others who do the same, thanks to the business and professional people who have gone to the trouble to decorate.

In case you don't know from where those Christmas carols are broadcast, glance in the direction of the Dumas "Fix-It Shop" and Meyer Bros. T.V. Thank you both!

Just about the time we find ourselves filled with love and affection for every living creature, we bump into an accident that rubs the fur the wrong way. This time it's concerned with the lighted Christmas trees for which all the downtown folk have worked so hard to prepare.

What's the first thing that happens? Some body starts swiping blank dirty tricks! Sure, it's kind of funny—at first thought. We even made a joke about it with Tom Schwartz of Sierra Madre Hardware, while we stood outside the News office, watching Larry Garland trim his tree. We

Woodward Says Adieu At Cub Party

The Christmas Pack meeting of the Sierra Madre Cub Scouts tomorrow night will be the last for Marcus "Woody" Woodward. He will have completed six years with the Cubs when he takes over his new duties, Jan. 1, as Advancement and Awards Chairman of the Mt. Wilson District of Boy Scouts.

Woodward found it difficult to speak when he tried to express his feelings for the Cubs. "There's a big need for additional leaders in Senior Scouting, and I suppose I should have made the transfer when my boy, Buddy, graduated to Boy Scouts three years ago," Woodward said, "but it was too hard to leave the Cubs."

He spoke with the tone of a father who was leaving his sons for a long trip, when he told of his part in Cub Scouting as an uplifting experience in his life.

"They're wonderful kids, and we've had fine Den Mothers," he said. "I've been pretty proud of our pack. It has the record of being one of the most outstanding outfits in the San Gabriel Valley Council."

Woodward took over the Cubmastership in 1949 when W. O. Ballenger had to resign. He began his association with the Cubs under the leadership of Clarence "Jim" Ware in 1946.

The Pack meeting and Christmas party tomorrow begins at 7:45 p.m. in the auditorium of City School. Some 200 are expected to share the Christmas tree and carols. The boys in each Den have joined in to get one Den present each, for Casa Colina in Chino, rehabilitation home for crippled children.

Hoiger "Jack" Christensen, 395 Laurel, will be taking over as Pack 1's new Cubmaster Jan. 1. He comes to the Pack after two years' experience as Cubmaster in Eagle Rock. Christensen has lived in Sierra Madre since last March.

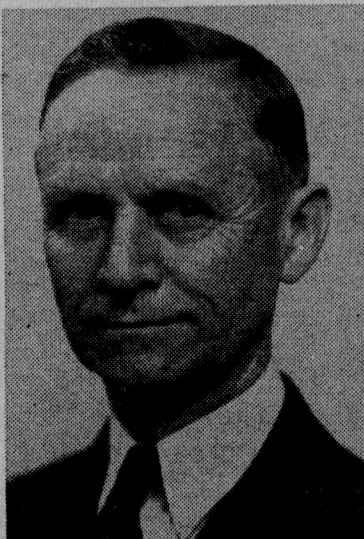

THE KIDS HAD FUN EXPLORING THE FIRE TRUCK THAT WILL GIVE SANTA CLAUS his ride to City Park Christmas Eve to distribute gifts around the big Christmas tree. When it came to inspecting the levers and gadgets they almost smothered the driver, Joe Grippi, who at least got one eye in the picture. The firemen in the foreground are, from left to right: Jim Tyler, Gene Toms, Fire Chief Jim Heasley and Charlie Brown. For anyone who can make out the tangle of youngsters aboard the truck, they are: Anne Tyler, Danny Tyler, Timmy Tyler, Mike Tyler, Mike Toms, Pat Tyler and (standing) Chuck Toms. The truck's name is not Tyler. It is, however, doing its part to help publicize the Firemen's Annual Christmas Party to be held at the Woman's Clubhouse this Saturday night. Proceeds from the party make it possible for the firemen to give the children of Sierra Madre their Christmas Treat; also to send baskets of food to the needy, and to give a children's Easter Party.

Gas Bills To Rise With New Rates Jan. 1

Customers of Southern Counties Gas Company in Sierra Madre can expect an average increase in their monthly bills of about 11 cents as a result of the general "off-set" rate boost authorized by the Public Utilities Commission on Dec. 2, it has been learned from A. E. Madden, gas company division manager. The new rate becomes effective on Jan. 1, 1953.

Under the commission's order, the company will be allowed to add 1.6 cents per thousand cubic feet to the rate schedules of all classes of customer, including domestic, commercial and industrial users, Madden said. The increase, which is designed to yield an additional \$1,120,000 annually in gross revenues, will cover the higher price the company must pay for out-of-state gas after the first of the year.

Garden Club Elects

WILLIAM F. SCHREGARDUS

At the last meeting of the Sierra Madre Garden Club, Dec. 8, the members elected William F. Schregardus their next president. He will take over his duties Jan. 1. The Garden Club's current president for the year is Col. Charles E. Morrison.

Norris Twins to Fly On USO Tour Dec. 29

The Norris twins, Donna and Diana, are no longer candidates in the selection of girls for Sierra Madre's flower float. They are flying to Alaska, leaving here Dec. 29 on a USO tour. They have expressed their regrets at not being able to know of these developments at an earlier date.

Lighted Trees Draw Praise Of Passers-By

Mrs. R. Gallegos, 170 W. Montecito, entered the News office last Monday night to ask about the downtown Christmas decorations.

"I work in Los Angeles," she said, "and so I don't have much chance to see our downtown here. But tonight I saw the lights from a distance and walked to town to see what they were all about. I like them very much."

After she spoke of "the pretty, uniform trees," the conversation turned to Sierra Madre at other Christmases. It was agreed that the village was not exactly a blaze of light, but that the individual Christmas trees accomplished a great deal and that much could be done in the future if the idea were developed.

Others who have commented on Sierra Madre's Yuletide improvements this year are:

Brooks Thomas of Tropical avenue in Upper Hastings, "a very effective Christmas display";

Mrs. Doris Rich, 618 W. Highland, "I love them. Especially the red tubs";

Mrs. Virginia Steinberger, visiting at 529 Mariposa, "I think the trees are perfectly lovely" (her ex-mayor husband agreed);

Mrs. Roland Adams, 217 W. Highland, "I think the decorations are prettier than I've ever seen them";

Mrs. John C. James, 649 W. Grandview, "I think the trees in the red tubs are just darling. I like the uniformity so much, and I think the Triangle is lovely just the way it is. Maybe some lights around the wall would be pretty, but I don't see why they need a tree there";

Mrs. Pearl Cook, "The trees are beautiful, and I just love those red barrels";

Ronald K. Merritt, "Sure is a great improvement. Very colorful";

Rev. Donald Rood, "I think they're very fine";

Lorne Pratt, one of the judges of the store decorations

FIREMAN'S PARTY GIVES A LIFT TO SANTA CLAUS

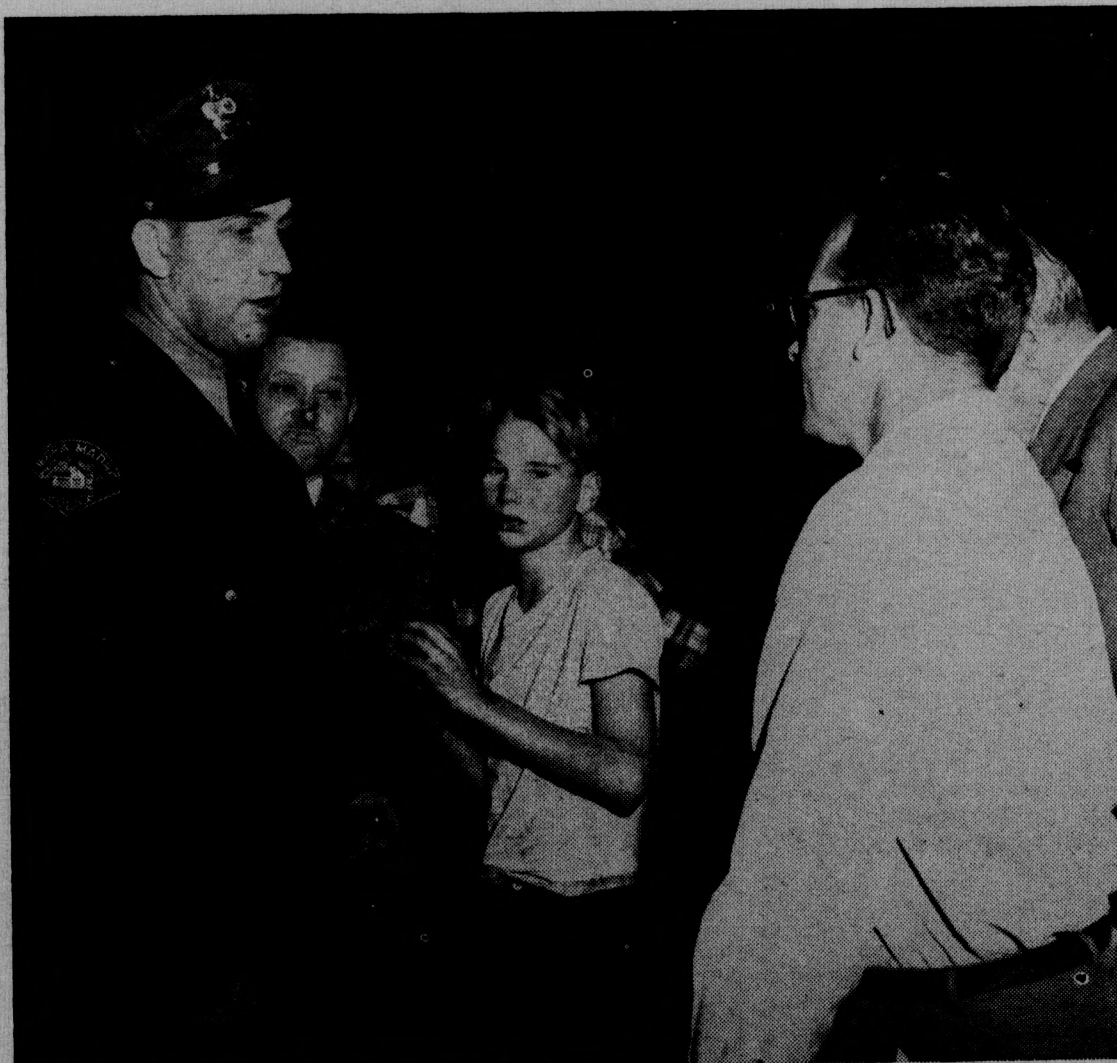

Is Santa Claus coming to town? Are you kidding? Of course he is! The Sierra Madre Fire Department has guaranteed the appearance of Santa for 31 years, and the Fire Fighters aren't about to disappoint the children in 1952—or any year!

How do the firemen manage it? They do it through the proceeds that come by the sales of tickets to their annual Christmas party. This year the tickets read: "32nd Annual Firemen's Christmas Fund Party. Auspices of the Sierra Madre Volunteer Firemen—Saturday evening, Dec. 20—Woman's Clubhouse." (We should be telling you; you should have one in your pocket!)

Not only do these volunteer

fire fighters give the youngsters of Sierra Madre a good time around the big tree at City Park at 7 p.m. Christmas Eve, but they also supply baskets of food to the needy, and they take Santa Claus around to visit the "shut-ins"—those

A FEW INCHES FARTHER INTO THE PATHWAY OF THE CAR, or a few seconds delay in the applying of a brake pedal, and the accident that occurred at the intersection of Baldwin and Sierra Madre boulevard last Saturday might have resulted in death instead of minor injuries. It was 5:55 p.m. when James William Weinkauf of 1554 E. Second street, Duarte, slowed his four-door sedan to a stop at the intersection, driving east on Sierra Madre boulevard. It was the hour of near-darkness and heaviest traffic. Weinkauf then drove his car across the intersection at an estimated speed of ten miles per hour, until he felt an impact at the front left wheel. Stopping within a few feet he discovered he had hit 12-year-old Douglas Peterson of 145 San Gabriel, who is shown in the picture above, center, after he regained consciousness. Before this, Patrolman Bob Heasley protected the boy from being moved until Dr. M. H. A. Peterson (no relation), shown between them in the background, arrived at the scene at approximately the same time as an ambulance from the Glasser-Miller Service in Arcadia. When it was discovered that an ambulance was not necessary, Douglas was taken to Dr. Peterson's office where his injuries were diagnosed as "slight concussion, abrasions left scalp, left elbow, and right shin." No report was made as to the condition of the low slung scooter-wheeled sled on which he was seeking to cross the busy intersection.

Hall Estate Named As Possible School Site

Sierra Madraan Sees Eisenhower in Korea

Capt. Oscar B. Rich of 618 W. Highland, an Army aviator with the 623 Field Artillery Battalion, was on hand when President-elect Eisenhower made his first airport landing in Korea. He reports that the general arrived at 8:30 a.m. in zero weather, but that the men standing at attention on the field were mighty glad to see "Ike" again.

Capt. Rich, who is now a "second-timer" in the Army, has been in Korea for the past six months.

Civic Club To Aid Rose Crew

The Sierra Madre Civic Club has taken over the job of supplying the float workers New Year's Eve with all the sandwiches they can eat. Considering that a good many volunteers, working in shifts, attend the last-minute preparations for Sierra Madre's entry in the annual Tournament of Roses, this is a big order.

Mrs. William Wilcox, president of the Civic Club, points out that the club alone cannot hope to make enough sandwiches to fill the order. Those who will offer their services to help the club supply the float workers' refreshments are asked to contact her.

There Is No Yuletide Spirit Among Thieves

Thieves are working the Christmas scene. Latest to report this unfortunate situation is Mrs. John Conzelman whose large leather purse was stolen from the counter of a local, crowded store. Her message to the thief is: "You may have my Christmas money, but please return the four sets of keys, my driver's license, and all the other personal papers that are so unimportant to you but so very important to me!"

Included in her purse was the key to the family bank box, car and house keys which had just been specially made for her daughters.

City School Expands Present Site To Enlarge Sports Area

Sierra Madre's Education Research Committee met last Tuesday evening with school board officials in a conference at City School that was attended by Bruce Hawk, field assistant to county superintendent of schools, and Howard Morgridge, an architect who submitted sketches for a new school building.

The site now under consideration for a new school building was named as the Hall estate which consists of 11 acres at Canon and Highland.

Action taken by the board during the evening included purchase of the Davis property on the northwest corner of the school block. Frontage of the property is approximately 130 feet. Part of it will be used to enlarge the sports field.

Mr. Severin L. Sorensen officially took over the chairmanship of the Education Research committee, which is studying the problem of adequate housing for Sierra Madre students, now and in the future.

It was agreed by all that Sierra Madre can no longer handicap its younger generation through inadequate school facilities by clinging to so-called "conservative" measures that in the past have prevented the building of proper student housing. The need of a new school bond issue was indicated.

Hawk, as consultant regarding the proposed land acquisition, said: "It's a wonderful school site. If you'd bought it 20 years ago you couldn't have made a better choice."

Morgridge, a architect with Marsh, Smith and Powell, stated: "The site has just enough slope for good drainage, and is unusually level for Sierra Madre property." He further pointed out that it presents no difficult building problems.

School officials said that the number of rooms in the first unit will be determined after careful checking of projected enrollment figures.

Mr. Hawk pointed out that bonds could be voted, but sold only as needed.

Ralph "Pappy" Welch, recreation chairman, and Philip Mitchell, director of recreation, met with the board during the extended meeting, to discuss recreation. Mr. Mitchell expressed regret that he has been unable to find a building in which to carry on the proposed Saturday morning woodworking shop. "What is needed is a room in which to work, where materials and tools can be safely stored between meetings," he said, and stated hopefully that he hasn't given up looking.

Next meeting of the board and the Education Research Committee will be held on Tuesday evening, Jan. 6, at the City School.

Lions Yuletide Party Spotlights Young Set

Title for the Lions' party to-night at the Woman's Clubhouse is "Christmas for Kids." Each Lion brings a child to the dinner, his own or some other child, along with a suitable Christmas gift.

The party, with wives, children and Santa Claus, has become an established custom with the Lions who make it a family Yuletide affair with special attention given to the younger set.

Flying Reindeer At Roberts Market Win 'Christmas Cup'

The sleigh-riding Santa Claus sailing above the big Christmas tree at Roberts Market with his flying reindeer won the News' Fourth Annual "Christmas Cup" Award last Saturday. The trophy, as previously announced, goes each year to the Sierra Madre business or professional establishment that, in the judges' opinion, is dressed in the most appealing Yuletide decoration.

The judges—Artist Marvin Weese and Sierra Madraan Lorne Pratt who is manager of the San Gabriel Chamber of Commerce—took a long time in making their decision because there were so many downtown who cooperated with the Christmas motif as to make an "outstanding" display difficult to discern. The whole area is so improved as compared to previous years, with customers passing compliments in every store, that even the judges with their "specialized eye," had to check and double-check before picking a winner.

Honorable mentions, in alphabetical order, went to City Hall for the "friendly spirit of its decorations," Fashion Future for the "Amusing Idea of

a relaxed Santa Claus," Osti's Nursery, with its "colorful Christmas merchandise display," Ralph's Shoe Store for its "happy combination of decorations and merchandise," Sierra Madre Paint and Wallpaper with its "special old-time fireside scene and tree," and Virginia Sayles for the "harmony in the selection of merchandise and decorations."

The judges' only disappointment was that more of the downtown establishments didn't make as much of an effort in their decorations as some of their neighbors. They agreed, however, that Sierra Madre looks better this Christmas than it has in many long years.

An interior decoration that has won applause from many in town are the large poster displays of Santa Claus and reindeer in Garland's. The artist who painted them is Betty Cook. A student at Muir, she is the daughter of Mr. and Mrs. Edward Cook, 129 W. Grandview.

Several attractive downtown displays have been created since the "Christmas Cup" award, and thus were too late for the judges' attention.

Yuletide Show
For Children

Not only parents are busy getting ready for Christmas these days. The Nursery School children are also very busy preparing for their Annual Christmas Party on Dec. 22 for three and five-day children and on Dec. 23 for two-day children. They have invited their parents and grandparents for the big day before beginning their Christmas vacation from Dec. 24 to Jan. 5, 1953.

They have been learning Christmas songs, making ornaments for and decorating their Christmas trees, making their Christmas presents for their Mothers and Fathers, baking cookies for the party, and getting much pleasure in their secret plans for giving and in anticipation of Christmas Day.

In the Nursery School program, the celebration of Christmas as the birthday of the Baby Jesus is emphasized, and through their party preparations, they are encouraged to consider Christmas in the spirit of giving and love for others.

Stars Shown As They Were At Holy Birth

"The Christmas Star," the traditional Yule planetarium theater feature at Griffith Park Observatory which is now in its 1952 showing, takes "arm-1952 run yesterday, takes "arm-chair" astronomers back through the centuries to the year 7 B.C., it was reported recently by the Los Angeles City Recreation and Park Department.

With the help of the Observatory's huge Zeiss projector, audiences at "The Christmas Star" presentations will be visually transported back to the time of the birth of Christ, which has been determined to be 7 B.C. During the one-hour show, Dr. Alter explained, the gradual motions of the planets among the stars will be watched for "several years," duplicating what the people of Christ's time actually did observe. The scientist pointed out, incidentally, that the sky of Los Angeles is almost the same as that of Bethlehem, since both cities are approximately the same distance north of the equator.

Dr. Alter said that although an examination of the sky as it appeared at that period shows that the Christmas Star could not have been an astronomical body, "this does not in any way contradict the story."

"So far as astronomy is concerned," Dr. Alter stated, "the story may be true in every word. Astronomy and the other sciences merely can say that they have nothing to offer on the subject."

The popular holiday program will be presented five nights a week, Wednesday through Sunday, at 8:30 p.m., and matinees will be offered at 3 p.m. on Saturdays and at 3 and 4:15 p.m. on Sundays. The Observatory is closed on Mondays and Tuesdays in accordance with its winter schedule, the Recreation and Park Department reported.

Mrs. Sorenson Hurt In Automobile Crash

Mrs. Severin Sorenson, prominent in PTA and other civic activities here, suffered a broken right foot in an automobile accident recently in Los Angeles.

With her two daughters, Marie Elena, 10, and Deena Lyn, 6, she was riding with her husband when a car reportedly making a left turn in the vicinity of Washington and Second avenue struck the one driven by Mr. Sorenson.

Mrs. Sorenson was the only one in the family who received injuries.

Four Generations To Share Rondeau Party

Mr. and Mrs. Louis R. Rondeau of 59 W. Carter will have four generations present at their Christmas dinner this year. Mrs. Rondeau's mother, Mrs. Catherine Furey, whose home is in Brentwood, New Hampshire, flew out from Boston, last week, to join in the festivities. Mrs. Furey is planning on spending the winter with her daughter.

Those attending the Christmas party will be Mr. and Mrs. Patrick Flanagan, the Rondeau's daughter and son-in-law, and their two children, Kathleen and Bridget; Carol, another daughter, who is a teacher at Webster's School in Pasadena; Mr. and Mrs. William Spargur Jr., another daughter and son-in-law; David, a son; and another son, Bruce, who is attending Bellarmine Prep School, in San Jose, and who will arrive home this coming weekend to spend his Christmas vacation with his family.

District YMCA Moves To New Headquarters

The Santa Anita District YMCA, which serves the communities of Sierra Madre, Arcadia, Duarte, Monrovia and Rosemead, announces the new location of its YMCA headquarters. Now situated in a much larger office building, the YMCA address is 941 1/2 W. Foot-hill boulevard, in Monrovia.

From these splendid new offices, the YMCA staff will be enabled to continue its services to the youth of the Santa Anita District YMCA area with increased activities.

The new building offers sufficient space for adequate offices for the staff, and will also provide a recreation or social room for YMCA club groups who desire to utilize its facilities. In the near future this facility will include such features as a ping-pong table, record player and other types of recreation equipment which may be utilized by young people.

MEETING YOUR NEIGHBORS IN

Hastings Ranch

KAY GATES, Custer 5-2183

A dream come true—and it is a dream. We are speaking of our brand new fire station on Foothill boulevard which opened last week. The station personnel received guests between 2 and 10 p.m. on Wednesday and Thursday, took them on tours of the very beautiful modern building, and served coffee in their quarters which are furnished to the last detail of comfort.

The station houses the latest in fire fighting equipment—a very modern, shiny, brand new fire engine. We hope it won't have to come to our ranch on business very soon, but if it does we know it will get here on the "double quick" and do the job fast. Meanwhile, the firemen are planning to drive the engine through our district one day soon to give us all a look at our new possession.

When the Ranch Bridge Club met at the Robert Meserve's home on Hampton road, the other night, the members presented Mrs. Yarbrough with a lovely gift and combined their Christmas party with a going-away party for her.

Another pre-holiday party—a Christmas party at the Evan Whitlock's home on Fairmeade road, last week, when the neighborhood ladies of that street included their husbands in one of their monthly get-togethers. Charades, door gifts and a Christmas grab bag provided an evening of entertainment and fun for the couples. Those present were: Messrs and Mmes. James Nichols, Robert Christmas, Norman Simonson, William Taylor, Russell Dugan, Robert Ashby and Evan Cottam; and Mrs. Frances Swanson.

This week we can tell of two very proud grandparents—the Jack Neuvillers of Hampton road. Their granddaughter, Gayle G. Miller, arrived at St. Luke Hospital on Dec. 7 and weighed 7 pounds (seven is her lucky number). The equally proud parents are Mr. and Mrs. Louis G. Miller who came out four months ago from Patterson, New Jersey, to visit the Neuvillers. The Millers like it so well in California, they have decided to stay and will locate nearby very soon.

It was a week for girls, as another debutante arrived here, Bonnie Sue Bohman, the new little daughter of the L. C. Bohmans on Pembroke drive. She made her debut Dec. 5—her mother's birthday—at St. Luke. Her sister, Barb, and brother, Jimmy, are mighty proud of the new addition to their family.

Recently the J. E. Rosenlinds of Hampton road, with their son and his family, traveled north for a four-day visit with Mr. Rosenlind's sister, Mrs. Frank Coker in Napa Valley. The occasion was a house warming which Mrs. Coker gave in her beautiful new home—a dinner for 50 guests. The Rosenlinds report there were heavy morning frosts and freezing temperatures in that valley so they were glad to get home to thaw out.

MRS. IMM ENTERS HOSPITAL
Mrs. Rose L. Imm of 174 E. Montecito, entered St. Luke Hospital last week for an operation.

Woman's Club Will Sponsor Jane Colbert

More than 90 members and guests were delighted with the Christmas Party Luncheon which followed a business meeting at the Woman's Club last Wednesday, Dec. 10. During the meeting the club voted to sponsor Jane Colbert as its candidate for one of the girls to ride Sierra Madre's flower float in the 1953 Tournament of Roses this coming New Year's Day.

Decorations were arranged by Mrs. Hazel Pries, a beautiful tree loaned by Osti's Nursery, was decorated by Mrs. Frank Sowers and her committee, and the luncheon was arranged by a group under the direction of Mrs. A. G. Bonn.

The program, which on this occasion followed the luncheon, was given by Mr. Oswald Jackson, curator of the Laguna Beach Art Gallery, who presented some exceptionally beautiful slides of famous Madonna paintings, as well as many interesting items of Christmas lore in other lands. Club members brought gifts for the Mary Martha Home in Los Angeles, and also for distribution by the philanthropic chairman, Mrs. W. L. Rhodes, for the residents of the British Home, here in Sierra Madre.

Yuletide Play At Wilson Jr. High Tonight

Tonight, Dec. 18, marks one of the highlights of Junior High School Christmas activities when the Wilson annual Christmas Pageant will be presented to parents and friends.

This year, under the direction of Mrs. Estlin Cogswell, members of the Speech Classes will present "Dobry," an adaptation of the Newberry Award winning story by the same name written by Monica Shannon.

The pageant will be presented to the 7th and 8th grade students Thursday morning and the 9th and 10th graders Friday morning. Thursday evening's performance is for the parents and friends of Wilson students. The pageant will be given at the Willard Auditorium at 8:15 o'clock.

McKeen Family Visit Relatives In Seattle

Mr. and Mrs. James D. McKeen of 21 E. Orange Grove avenue, left last Monday to spend Christmas with Mrs. McKeen's family in Seattle.

Enroute they will stop to visit Mr. McKeen's aunt at Galt, near Sacramento, Calif. They plan to be back in Sierra Madre by Dec. 29.

If you drove your car approximately 8,700 miles in the past year you are an average county motorist.

HIESTAND LEAVES MONDAY

Edgar Hiestand, congressman elect from the 21st district, left Monday for Washington, D.C. He gave a "Thank-you Party" for members of the press at the Greater Los Angeles Press Club before leaving.

'Abdul A-bul- Bul A-mir' Is Officially It

To those who still may be in doubt about the name of the flower float which Sierra Madre is entering in the 1953 Tournament of Roses, here is the name with the spelling as officially decided: "Abdul-A-bul bul A-mir."

There has been debate in this matter ever since City Councilman Noren Eaton pointed to a song recently published in "American Ballads" entitled "Abdullah Bulbul Amir." It is rumored that the Persian translation of this is: "The Amir Who Is a Singing Nightingale"—or something like that. No one could check its veracity because there happened to be no Persian available at the time.

Whatever the case, the song has been popular throughout the world for many years and has passed through many interpretations. It was a favorite of Winston Churchill's in younger days when jolly good fellows were inclined to get together.

According to Alfred James Dewey, famous artist of Sierra Madre who is designing the float, the first two stanzas of the song are:

"The sons of the prophet are brave men and bold
"And quite unaccustomed to fear,

"But the bravest by far in the ranks of the Shah
"Was Abdul A-bul-bul A-mir.

"Now the heroes were plenty and well known to fame
"In the troops that were led by the Czar,
"And the bravest of these was a man by the name
"Of Ivan Skavinsky Skavar."

'Roses' Parade Float Directed by B. Clark

Barry Clark, Sierra Madread who attends California State Polytechnic College, has been selected to supervise the college's entry in the 1953 Tournament of Roses. The float, named "Mission Bells," will be the fifth entry of the students at Cal Poly in the famed New Year's parade.

Each year, since five years ago, the students of the San Luis Obispo and Kellogg-Voorhis campuses of the college have joined forces in sponsoring the float which is designed, constructed and driven by them.

The float was moved to its decoration site in Pasadena Dec. 6.

Sierra Madre has no single contributor of large amounts towards its entry in the Tournament of Roses parade on New Year's Day. The construction of the float is by Sierra

Madreans, the flowers are grown in Sierra Madre, and the design is by Sierra Madre's great artist, Alfred James Dewey. It's a community project all the way through.

SPECIAL HAREM DRESS IS MADE FOR 'ABDUL' GIRLS

Mrs. Alfred James Dewey, wife of Sierra Madre's famous Artist Dewey and chairman of the costume committee for Sierra Madre's entry in the 1953 Tournament of Roses, reports that the six girls who are chosen to ride the flower float New Year's Day will wear special harem dress fashioned by "Maguerite," local dressmaker.

The costumes, in general, will be of satin and a flimsy material, with spangles.

"The colors of the materials will bear a significance to the story which the float's scene will portray, so far as its name, 'Abdul A-bul A-mir' is concerned," Mrs. Dewey says.

In the scene, for example, one of the girls is being rejected by Abdul. "Her color will be blue. Naturally!" Mrs. Dewey explains. "But the girl who is being wooed by Abdul will

be dressed in lavender. All of them will be very spangly—and very 'haremish'!"

When asked how the girls can keep warm if the day is cold, Mrs. Dewey remarked that New Year's Day here is comfortably warm more often than not. If the contrary should prove to be the case, Mrs. Dewey pointed out that in times past the girls' own ingenuity came to the fore, whereby they wore warm materials, or even hot water bottles, in strategic places.

"Besides," Mrs. Dewey smiled, "the girls are usually so excited to be in the parade that they seldom know what the temperature is!"

At a recent committee meeting she assured everyone that there would be no cause for worry; that the girls would be given every consideration.

As for the center figure of the float, "Abdul" should be plenty warm, regardless of the weather. He's to wear 10 yards of gold cloth. Why so much? Well—as Mrs. Dewey points out—"Abdul" requires a "very plump figure." He will be well padded, in more ways than one.

The costume for "Ivan Skavinsky Skavar," the unusually tall figure completing the float's list of characters, along with the six girls, has not yet been described because it will have to be rented.

Hair styling for the girls will be by "William Fischer Hair Fashions."

NOTES FROM FLAG CODE OF OUR NATION

The Flag of the United States of America should be displayed on all National and State holidays and on historic and special occasions.

Coming holidays when special care should be exercised to see that the Flag is displayed are: Thanksgiving Day, Christmas Day, New Year's Day, and Inauguration Day, January 20, 1953.

ST. RITA'S SCHOOL IN YULE PROGRAM

St. Rita's School will have a Christmas program tomorrow afternoon, with children in the four lower grades presenting a play entitled: "The Coming of the King." Other features will include a tableau by Sierra Madre Girl Scouts, and the singing of Christmas carols.

Santa Claus will climax the program by making an appearance and distributing candy to everyone.

Funds raised from the 1952 Christmas Seal Sale of the Los Angeles County Tuberculosis and Health Association will be used for case-finding, education, research and patient services.

Tuberculosis causes more deaths than any other disease among young people between the ages of 15 and 35. Yet the disease can strike at ANY age.

Old Toys Put To Good Use At Toy Loan

Sierra Madre's Toy Loan Library needs—guess what? Toys! All the used toys that can be made over and then added to the toy lending library.

The Toy Loan Library has been serving Sierra Madre successfully for eight years. In that time, it has registered nearly 2300 children, according to Mrs. James B. Tyler, Toy Loan Chairman for the Civic Club which sponsors the Library.

A Toyarian, Mrs. Clyde Hoover, is employed to serve an average of 152 children who borrow toys from the library every month; also a "Sanitizer," Joan Smith, who sees to it that every toy is treated with a special cleansing solution.

Through the Civic Club the "Storybook Cottage" was built by donated labor and money raised by soliciting funds. Various organizations, from time to time, have instructed their members to help replenish the toy supply.

Among the most recent of these is the Cub Scout Pack 3, of Upper Hastings Ranch, which is gathering toys to be turned over to Mrs. Tyler.

Pack 3 invites everyone to join their party tomorrow night at 7:30 o'clock by bringing a toy of any description to the new Trinity Presbyterian Church, Sierra Madre boulevard at Hastings Ranch road.

Civil Defense reminder: The first aid supplies in your home should be assembled in one place—in a cabinet, box or cupboard in or near the family shelter area.

HOW'S YOUR ANAEROBIC BACTERIA... ARE THEY WELL AND FLOURISHING?

The Anaerobic Bacteria in Cesspools and Septic Tanks reduces the fludge and body waste into liquid. This is possible only when these bacteria are well and flourishing. CAMP'S CESS-POOL & SEPTIC TANK CONDITIONER helps the bacteria by neutralizing the conditions that retard them. Once it's admitted into the tank it starts action promptly.

Nixon To Be Grand Marshal

The Sierra Madreans who are chosen to ride the city's flower float in Pasadena on New Year's Day will be able to say that they have been in a parade led by the nation's next vice-president of the United States.

Hon. Richard Nixon, vice-president-elect of the United States, has accepted an invitation to serve as Grand Marshal and guest of honor at the 64th Annual Tournament of Roses Parade in Pasadena New Year's Day, according to Tournament

President William H. Nicholas. Selection of Mr. Nixon for this honor was made in recognition of his distinguished record of service to his country

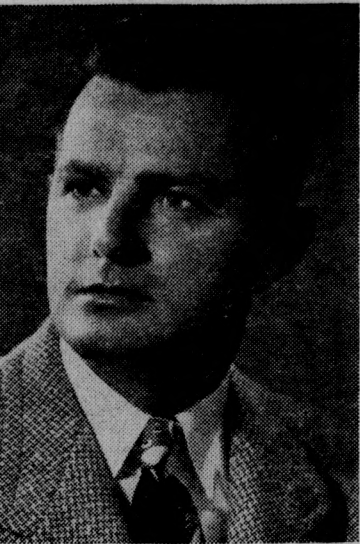

and because he so truly represents a typical American family, Mr. Nicholas said. Mrs. Nixon and the two daughters, Patricia and Julie, will all ride in the Grand Marshal's car.

The role of Grand Marshal of this historic parade is the highest honor Pasadena can accord any citizen. Such persons as Ex-President Herbert Hoover, General Omar Bradley, Admiral William F. Halsey, Gov. Earl Warren and Paul G. Hoffman have been thus honored in recent years. Last year, seven Congressional medal of honor winners were jointly honored by the Tournament.

Some 14,000 Los Angeles County residents have tuberculosis. The Los Angeles County Tuberculosis and Health Association conducts an annual Christmas Seal Sale to raise funds for the fight against the disease.

Thought Waves

... with William Fischer Hair Fashions

The Stage is set ... and everyone is ready for Christmas Eve at our Salon.

Here's the plan. A table will be set up in front of our bay window (the shop window, please) ... and along about four or five o'clock, out we walk with our gala Fish Bowl ... and our Celebrity, in best bib and tucker, dips into the bowl ...

If the Lucky Someone happens to be present, flash bulbs will flash. If not, Someone's telephone bell will ring like mad ... because we'll call the winner of our contest right away!

We can hardly wait! Someone is going to receive—for absolutely free—our fabulous Fabulous Permanent Wave! What a Christmas Eve it will be for Someone!

There's still time to get in on The Act, and we'll tell you all the details, when you phone us at CUster 5-1366.

By the way, we're going to be able to take care of some of you we thought we might have to turn down on appointments for the Holidays. By a great stroke of luck, we've come up with Charles, a whiz of a wizard at hair styling ... and he has a few open appointments. His being here might well be your stroke of good luck—because it's appointments that have something to do with the permanent we're giving away. He's really very good ... and you may like his work every bit as well as that of Donna or the Head Man—trophy winners both. And Nancy can arrange for a few more of her long-lasting manicures between now and then. So call us ... and we'll see what can be done to make you lovely, and maybe Fabulously Lucky for Christmas.

The phone, remember, is CUster 5-1366 ... and we're located (beautifully, we think) in the pink and green (or, pardon us, it is green and pink) adobe at 147 West Sierra Madre Boulevard ... where Marshall's Nursery used to be ... and right next door to where Mr. Green Frog has his forest of Christmas evergreens.

We think we have a lovely shop, unusually fine personnel ... and we're meeting such wonderful new customers, we know this is going to be one of the merriest of Christmases for us. And we sincerely hope it will be a Fabulous Christmas for You!

FORMER RESIDENT DIES

A heart attack proved fatal to Frederick George Huber, 64, a former resident of Sierra Madre, who died last Sunday morning at St. Luke Hospital. His last residence was 2210 N. Fair Oaks, Altadena, deputies reported.

During the American Legion year 1951-52 more than 113,000 veterans and their dependants were interviewed by American Legion service officers in San Francisco, Los Angeles and San Diego offices.

The American Legion's California rehabilitation service during the fiscal year July, 1951 to June, 1952, secured for disabled veterans in this state monetary benefits amounting to almost \$32,000,000.

Civic Club Members Share Gifting Party

Members of the Civic Club enjoyed their annual Christmas party Thursday at the home of Mrs. Lawrence Bonney, 528 Ramona. "Toyen" gifts were exchanged.

The No. 1 killer among infectious and parasitic diseases, tuberculosis can be prevented and can be cured. It is not hereditary, but is caused by a germ, the tubercle bacillus.

Tuberculosis still attacks 115,000 persons every year in the United States.

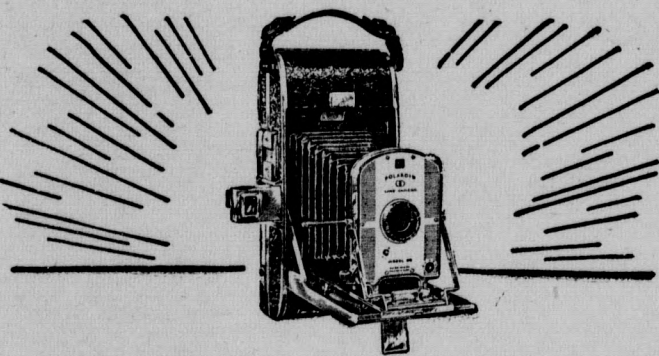

Tuberculosis kills more young people 15 to 35 than any other disease.

Episcopalians To Tell Story Of Nativity

The story of the Nativity will be presented by the children and young people of the Ascension Parish Sunday School and Day School tomorrow, Dec. 19, at 8 p.m. and Sunday, Dec. 21, at 4:30 p.m. in the church. The story will be told in tableaux and pantomime, with the musical setting by the St. Cecilia Choir and chorus groups from the school, under the direction of Mrs. Elizabeth Gough, with Miss Margaret Dow as organist.

As part of their celebration of Christmas the children will bring gifts of money and toys for Navajo children of the Good Shepherd Mission, Fort Defiance, Arizona. These will be presented in the Nativity pageants.

MARCH OF DIMES BEGINS JAN. 2

The 1953 March of Dimes campaign will take place in Sierra Madre and across the nation from Jan. 2 through 31. An all-time high of polio cases makes necessary a month long campaign for the second time in history, according to Stuart Chevalier, chairman of the executive committee of the Los Angeles County chapter of the National Foundation for Infantile Paralysis.

At the same time, added funds are needed to push research to success in finding a polio preventive, he said.

'A World Search For Santa' Is At City School Tonight

Tonight at 7:30, in the Sierra Madre Elementary School auditorium, the first, second and third grades will present a pageant, "A World Search for Santa," written by the music teacher, Mrs. Matilda Smith.

The play opens with Mrs. Quinlan's third grade. The children will portray a group of Americans who are making preparations for a Christmas party. In the course of conversation, it is learned that Santa is out of the country.

The helpers make a speedy flight to Mexico. Mrs. Lumsdon's and Mrs. Sauter's first grades will represent Mexicans. The helpers, finding Santa is not there, fly to Rumania.

Mr. Finney's boys and girls will be the Rumanians. They will portray an ancient but still practiced custom of "Blessing the Danube." The helpers, learning Santa is not there, fly to Germany.

Mrs. Wood's and Mrs. Laughlin's third grades will present a German scene, to include the song "O Christmas Tree" sung in German. Santa is not there so the helpers fly to Sweden, represented by Mrs. Pascoe's first grade children. After the children do a Swedish song and dance the helpers fly to France in search of Santa.

Mrs. Baird's third graders will be Dutch boys and girls. Miss Newman's first grade follows with a scene in Switzerland, then the helpers fly to Ireland to look for Santa.

The Irish folks will be the boys and girls of Miss Newton's second grade. They will sing Irish songs and dance to the "Irish Tilt."

The helpers go to England where there is fun and happiness. Miss Bowers' and Mrs. Laughlin's second grades will portray the English. They will sing English songs and the Boar's head will be brought in, an English custom. Then the helpers fly to the United States to report their failure in not finding Santa.

Just as they break the news, Santa and a few friends of the world he has invited, rush in. All are elated, and feel the party is a success. Santa, Uncle Sam and friends from all over the world join in the finale, singing, "We'll Soon Be One World."

Youth Club Sponsored By First Baptists

The First Baptist Church is sponsoring the "Good News Club" for children of all ages, especially age 4 to 14, and of all denominations, every Friday evening at 7:00 p.m. The club presents flannel-graph stories taken from the Bible, object lessons and chorus singing. Parents are invited to sit in on the programs.

Children under 4 are asked to be accompanied by their parents.

THE SIERRA MADRE MARINERS LOOKED AT A PICTURE OF "ABDUL A-BUL-BUL A-MIR," and thought the center figure of "Abdul" himself was very amusing. They're looking forward to helping decorate Sierra Madre's flower float by the same name, to be entered in the 1953 Tournament of Roses Parade on New Year's Day. Placing of the flowers will begin New Year's Eve at the Old Tin Barn by the Water Works, where all who wish may gather round to share the work as well as the refreshments. The Mariners in the picture are, left to right: Sally Lauder, Lee Meyer, (peeking out), Carolyn Wread, Faith Gutherz, Jo Ann Podliska, Patty Hawkins and Sally Hooker. Co-leader Mrs. Norma Lauder joined the group while the other leader, Mrs. Neota Meyer, took the picture. Mariners not in the picture are Lynn Voges, Franklin Bradshaw, Sharon Dorn, Carolyn McBride and Sharon Rickman.

Girl Scout Notes

Troop 14 presented the Christmas play "No Room at the Inn" for a neighboring Pasadena church council last week. The cast included Lella Robertson, Barbara Strickland, Maryellen Blake, Diane Twedell, Pat Pawlayk, Donna Simpson, Virginia Rogan, Georgianne Papac, Cindy Paegel, Shella Sheasby and Margaret Dooley. Helping in the production were Peggy and Jane Eisman and the singing of the Christmas Carol was led by Joan Smith. The group is working on a troop dramatic badge and will put on their play at various schools and institutions as a Christmas service for those less fortunate.

Troop 14 spent Friday and Saturday at Camp Thorne in San Dimas Canyon, accompanied by Mrs. Morse, Mrs. Rogan and Mrs. Simpson. Various outdoor methods of cooking were used, including foil cooking of a fish dinner with a baked banana dessert, a one pot dinner called Chinese Mystery which is always a favorite of the girls, cooking an early breakfast of pancakes and sausages on buddy burner tin can stoves, and the girls also baked biscuits on a foil oven.

The evening was spent around a campfire with skits and songs. Saturday morning included a hike during which material was gathered for the afternoon outdoor craft for Christmas gifts.

Troop 13 is having a Christmas dinner party at the home of Mrs. Charles Peterson, Dec. 22. Santa Claus will be present to help with an exchanging of

Big New '53 FORD

THE NEW STANDARD OF THE AMERICAN ROAD!

With 41 "Worth More" features...

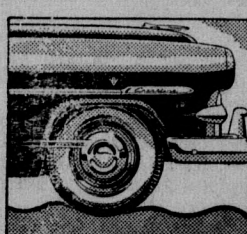

It's worth more when you buy it... worth more when you sell it!

This '53 Ford sets an entirely new standard for the American Road. For in this big new Ford you'll find 41 "Worth More" features that give you more of the things you want... more of the things you need... than ever before in low-priced car history. You'll find the "Go" you need to handle today's long-distance driving. You'll enjoy Ford's new *Miracle Ride* that brings you the smooth, quiet riding comfort you need

for today's level parkways or rough, rutted byways... plus nearly effortless steering, braking, and parking. And you'll see beauty that belongs wherever you may drive.

When you see this new Ford at your Ford Dealer's, you'll understand why it is worth more when you buy it... worth more when you sell it. You'll agree that here, indeed, is the New Standard of the American Road!

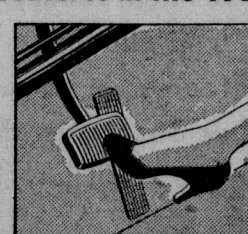

A few of the 41 "Worth More" features in the 1953 Ford

NEW MIRACLE RIDE—Not just more responsive spring and shock absorber action, but just foam rubber cushions, but a balanced ride that gives you a new concept of comfort.

SHIFT TO FORDOMATIC—and you'll never shift again. It's the finest, most versatile automatic drive ever. And remember, Ford also offers the smooth and thrifty Overdrive.

POWER-PIVOT PEDALS—are suspended from above to eliminate dusty, drafty floor holes. They give more unobstructed floor space and provide easier pedal operation.

CENTER-FILL FUELING—prevents hose marks, and makes "filling up" easier from either side of gas pump. Shorter gas filler pipe gives you trunk space for an extra suitcase.

FULL-CIRCLE VISIBILITY—with huge, curved, one-piece windshield, a car-wide, one-piece rear window and big picture windows all around—gives you visibility unlimited.

Here now... the '53 FORD

AROUND THE SQUARE

From page one

said that when the lighting on our family tree broke down on Christmas Eve we'd know where to come to get that extra bulb. Then we ducked the looks they gave us by asking Larry from what store he'd bought the string of lights for his tree. That's a joke, son!

But when you give the subject of bulb stealing a second thought it isn't too funny. What could be lower than some petty snipe who would steal the lights from a community Christmas tree? It's nice to know that the police, who are stationed in that area, are alerted to the situation.

Charles E. McClain, better known as "Mac" to the customers who pay their checks at the Newstand Cafe, recently received a postcard from his son, Willard, a Texas insurance man who has been making a business trip through Paris, London and other far-flung cities.

We were about to envy Willard every minute of his job, until we discovered he was complaining about the weather and the food over there. He could hardly wait to get back to the good old USA.

And you know what the USA means to a Texan. It's Texas, I'll darlin'!

BOY SCOUTS SELL TREES

Sierra Madre's Boy Scout Troop 4 is selling Christmas trees to help some of the Scouts get to the National Jamboree next summer. Their lot is located on Baldwin one half block south of Sierra Madre boulevard.

FIREMEN

children who may be confined indoors because of illness. They also use part of the proceeds from their Christmas party later on, to give a children's Easter party at City Park.

That's why so many people tribute the red and green buy the party tickets from Sierra Madre's Volunteer Firemen who are now calling from house to house, giving their "spare time" to raise the money that goes for the benefit of others. Some people don't care whether they use their tickets or not, but those who do find the "Firemen's Ball"—as some call it—one of the most colorful parties of the year. Just about everybody in town is there!

For a more detailed description of the Christmas Eve event, when Santa Claus visits the children of Sierra Madre around the big lighted tree at City Park, who can tell it better than Fire Chief Jim Heasley? Here is what he has to say:

"At 7 p.m. Christmas Eve Santa Claus will come speeding down the boulevard aboard

Sierra Madre's shiniest fire truck to assist the firemen in Sierra Madre are glad to stockings filled with candy, popcorn, nuts and fruit to all the small children who await at the City Park.

"Santa will be driven to the park by Joe Grippi, one of the

firemen and a regular driver. The firemen want Santa to arrive safely.

"It has been the object of the firemen to eliminate a long drawn out program at the annual Christmas tree in order that the children and parents can gather around their own

trees early. And because it may be chilly at that time of evening, it is thought advisable to keep the program moving.

"The big tree will light up at exactly 7 o'clock and the line of kiddies are passed through the well arranged and well manned "production line."

There will be many stockings. (There has not been a time when the firemen ran out.) Santa will be there to talk with those who have the time to tell him their wishes for Christmas. Our genial "Gene" Toms will hear the requests of the children and will encourage them

to look forward to Christmas Morn.

"Around the tree assisting in the distribution of the stockings will be the well known and often mentioned fireboys. It is one of the greatest times of their service to the community."
